☒ Examiner's Statement of Reasons for Allowance

### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

- a. Regarding claim 1, and by dependency claims 2 and 4, normalizing the maximum and minimum of inter-frame characteristic vectors and finding the border by MLP based on the frame's inter-frame characteristic vector, taken as a whole with other claim limitations, was not anticipated or made obvious by prior art known to the Examiner.
- b. The replacement declaration has been received with the AMENDMENT AFTER FINAL filed October 19, 1998 (paper 8). The objection to the declaration is removed.
- c. The Applicant's arguments in AMENDMENT AFTER FINAL filed October 19, 1998 (paper 8) with respect to rejection of claim 4 under 35 USC § 112, the objection to the drawings, and the objection to the specification in the Office Action mailed July 17, 1998 (paper 7) are persuasive. Accordingly, the rejection and objections are removed.
- d. The translation has been received with the AMENDMENT AFTER FINAL filed October 19, 1998, and it perfects the Applicant's claim for priority. Accordingly, the rejection under 35 USC 102(a) is removed.
- e. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
